Service/Repair of Electrical Test Equipment

NOTICE

Revised February 2009. This bulletin supersedes Mercury/Mariner Service Bulletin 90-05, 93-14, 95-13, 98-20, 2003-16, and 2006-07 June 2006.

Situation

From time to time the electrical test equipment used to service Mercury/Mariner product requires service or replacement parts. In order to obtain that service or replacement part, the test equipment must be returned to the vendor of the equipment. Below are lists of test equipment and vendor contact information. We encourage you to contact the vendor prior to shipping the equipment for shipping, cost estimate, and repair details. Mercury Marine does not provide service for the identified equipment, so if the equipment is sent to Mercury, it will be returned to the sender.

REPLACEMENT PARTS NOT AVAILABLE

Description	Part Number
Thunderbolt ignition analyzer	91-62563A1
VOA meter	91-62562
Mark 1 tester	91-64645A1

Vendor List
