Quicksilver Propeller Repair Stations

USE ONLY Factory-Authorized 'Quicksilver Propeller Repair Stations' for Quicksilver Propeller Repairs!

Factory-Authorized Quicksilver Propeller Repair Stations have been set up to give the lowest prices possible in exchange for the highest quality and superb precision workmanship.

Authorized stations -- and they alone -- have the original equipment, designed and manufactured by the Kiekhaefer Corporation, and have the genuine replacement Flo-Torq clutches.

Kiekhaefer Quicksilver Propeller Repair Stations are centrally located in population and recreation areas throughout the North American Continent and in a number of foreign countries, as identified on the map, below, and listed, over. Use these factory-equipped facilities exclusively! It is your customer's assurance that his propeller's original superb precision will be restored in the process of repair.

Remember to advise all of your customers to "carry a spare propeller", preferably one of lower pitch for water skiing and for moving heavier loads.

Quicksilver Propeller Repair Station Locations

Please Turn Page
for Identification

For location of propeller repair stations in overseas countries, write Kiekhaefer Corporation, Parts & Service Division, Fond du Lac, Wis. (Do not send propeller.)
