MerCruiser Scan Tool

Models

All MCM/MIE EFI (TBI) and MPI Gasoline Models.

All MCM/MIE 496/8.1L PCM 555 MPI Gasoline Models.

All 1997 and Newer MCM/MIE Carburetor Models with Thunderbolt V Ignition System.

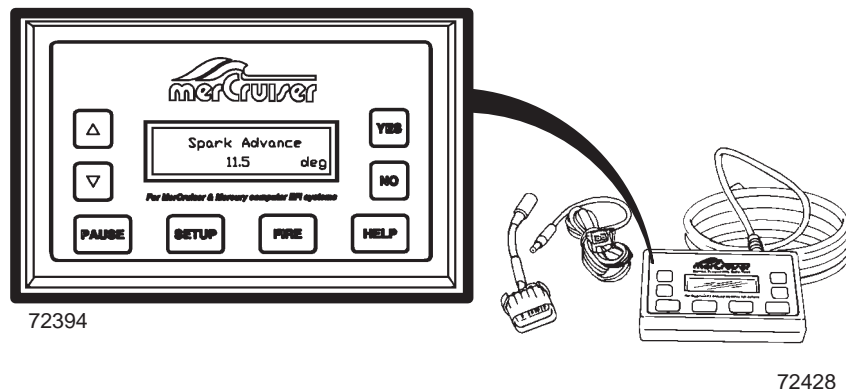

All MCM/MIE D-Tronic Diesel Models.

2001 Scan Tool, Version 4.0

This hand held Scan Tool has been updated for 2001. It can be used on all gasoline MCM/MIE engines equipped with either the Delco MEFI ECM or the new Mercury PCM 555. The tool will also monitor the MCM/MIE D-Tronic system used on diesel models. On carburetor engines with Thunderbolt V Ignition (1997 and newer), this Scan Tool can read rpm history stored in the ignition module. The tool is not able to troubleshoot the Thunderbolt V ignition system.

Dealers that already own an earlier version of this scan tool can purchase the 2001 4.0 version update kit.

Technicians will also need a special 4 pin PCM 555 Adapter to connect the tool to the engine harness. This Adapter can be ordered separately or as a combined update kit including software.

Windows® PC Software Available

A completely new Diacom® Marine diagnostic package (not shown) is available for Windows 98, MF, NT and Windows 2000 equipped laptop computers. Diacom® Marine software allows a PC to function as a high performance scan tool capable of diagnostics. The software provide a live view of the engine sensor and control system information. Data can be viewed numerically, displayed graphically or saved on a disk for review off-line. The software is supplied with a special cable allowing the PC to connect to the engine's DLC. Diacom® Marine also provides instant access to electronic service information when it is available from the manufacturer.

Ordering New or Updating Older Scan Tools

English Language Update Kit: Instructions come with the kit and it takes about 10 minutes to install it.

International Update Kit: International dealers can order directly from Rinda. Instructions come with the kit and it takes about 10 minutes to install it.

New Scan Tools, Diacom® software, update kits and adapters are available directly from Rinda. The warranty on a new Scan Tool is for one year. Rinda can ship internationally. Prices shown do not include shipping cost. Rinda Technologies, Inc. will also be the repair facility for these Scan Tools.
