Revised January 2001. This bulletin supercedes the previous bulletin 2000-9

THIS BULLETIN UPDATES AND REPLACES HI-PERFORMANCE OUTBOARD SERVICE BULLETIN 89-5 THAT WAS REVISED 2-18-93.

Custom Propeller And Lab Finishing Services From Mercury Racing

Many of today's hi-performance boaters demand the ultimate from their equipment, including the propellers installed on their boat.

Mercury Racing has responded to this need by providing propeller repair, blueprinting, lab finishing and customizing of Mercury Racing as well as Mercury Marine stainless propellers.

NOTE: *This service is not provided for aluminum propellers.*

Propellers serviced by Mercury Racing will be detailed and finished by highly skilled propeller craftsmen. With proper care, they will offer maximum performance and reliability.

For estimates on custom propeller work, contact:

Dennis Cavanaugh @ 920-924-2037 or

Brett Anderson @ 920-924-2034

Propellers should be shipped to:

Mercury Racing
N7480 County Rd. "UU"
Fond du Lac, WI 54935
Phone: 920-921-5330
Fax: 920-921-6533

Who Should Use This Service?

Mercury Racing propeller service is strictly for the dealer that has a customer who requires a finely tuned, custom finished, or blueprinted propeller for a specific hi-performance application.

When NOT to Contact Mercury Racing Propeller Service

Questions regarding Quicksilver or Mercury Marine Propeller Co. propeller warranties, prices, demo programs or availability should be handled through your normal service and distribution channels.
