HP 900 SC EXHAUST HEADER AND WARRANTY INFORMATION

MODELS AFFECTED

1998 900 SC Hi-Performance engine.

EXHAUST HEADERS

Because most of these MC 900 SC packages will be custom installations, exhaust headers must be purchased separately directly from a header manufacturer. Mercury Hi-Performance suggests CMI exhaust systems since the majority of our testing and prior experience is with this company.

SALES AND SERVICE

All sales and service issues related to the exhaust systems should be addressed by the header supplier.
