## OUTBOARD JET 105/140 JET PUMP CHANGES

### CHANGE

The material of the impeller has changed from aluminum to stainless steel. Prior to this change, the impeller was common between the 105 and 140 jets.

When inventory of jet pump (**855766150**) and impeller (**47-855770150**) is depleted order from the chart below.

|                |                              |
|----------------|------------------------------|
